Dear Emmanuela,

Hi! How are you? It has been a long time so far, I hope you are fine?

Anyway, my family members (my mother and my siblings) and I are somehow fine: my mom had fallen sick but now she is feeling better. I was also not feeling well some weeks back because I had a chest pain accompanied with cough and a bad cold and also had Typhoid but now I also feel better because I went for ^{medical} treatment and so did my mom.

I ask for your pardon for my delayed reply since Sr. Lily gave me a sum of money (SSP.5000) before the first term's holiday. My family members (especially my mom) and I are very thankful for that financial support. On behalf of all my family members, I would like to send you my amicable gratitude and appreciations to all of you including Sr. Lily here in Juba. I will never forget your altruistic nature! So, I thank you very much! May glory be to God the Almighty Father!

You know, you can't imagine how am so happy and very proud of you; you are the only people in my life that make me regain my happiness when ever I am writing to you like this! it is extremely amazing!

So, the funds you have send through sr. Lily recently really supported my family. Although life is generally hard (especially economical and financial life) and the skyrocketing conditions seem to worsen here in Juba; Actually, life is very hard here!! But, your funds had a great positive impact on my family. I hope you continue to fund my family, because it is so helpful.

As you fund me financially, I generally need you psychological support (morally and mental stress). I really want to learn more from you. I think you have learned a lot from your early life's experiences and as it says that experience is the best teacher, so do I need you to assist me learn from you, early life's experiences. I have some difficulties in building up myself as a well developed responsible person. I really want to become a responsible person in all my life's sectors and

especially to help my mom who usually works very hard day and night in order for us to get a day's meal. I want to grow and mature enough as a responsible person for my future life.

Therefore, in order for me to grow as a responsible person, I need an experienced person to help me out. So, I can reflect on you as my helpers and I trust you can help me out!

I ask you to pray for my family and I, so that God relieves or saves us from the suffering we are in.

Therefore, I am looking forward to hearing from you.
Goodbye!

Yours sincerely,
Mary Ojulu. J
